

Contents

Acknowledgement	i
Abstract	ii
1 Introduction	1
1.1 Deep learning	1
1.2 Spin glass theory	2
1.3 Statistical mechanical analysis on deep neural networks	3
1.4 Purpose of this thesis	5
1.5 Organization of this thesis	5
2 Model and Method	7
2.1 Set up of the neural network	7
2.2 Evaluation of learning and internal structure of the network	9
2.3 Procedure of learning	11
3 Results	12
3.1 Layer independent β	12
3.2 Layer dependent β with regularization	19
3.3 Layer dependent β with label smoothing	24
4 Summary	30
A Layer independent β with label smoothing	32
